Kenexa has a staff of acknowledged thought leaders in the field of human capital management providing expertise for hiring, training, retention and research tools.

## Deliver Measurable Results in a Variety of Industries

### SOFTWARE

Kenexa Prove It! Software assessments provide full program simulations. This requires the test taker to complete an actual software task in a fully functional software environment. To enhance the simulation, all documented methods of completing tasks are supported, including menu bars, right-click menus and keyboard shortcuts. Kenexa Prove It! Offers various levels for testing ranging from basic to the advanced levels.

### OFFICE / PROFESSIONAL

Kenexa Prove It! Office/Professional assessments measure a wide range of general clerical proficiencies and specialized skills used in today's work environment. These assessments can aid in the hiring of administrative assistants, project managers, and other office personnel from entry-level positions to the highly proficient experts.

### CALL CENTER

Kenexa Prove It! Call Center assessments are specifically designed to measure essential call center skills. By using audio and visual cues, these assessments ensure call center representatives are qualified in assessing customers' needs and processing information professionally and efficiently.

### INDUSTRIAL

Kenexa Prove It! Industrial assessments will help to effectively assess a wide variety of today's skilled workers. Designed to identify an assortment of positions ranging from an apprentice to master level.

### TECHNICAL

Kenexa Prove It! Technical assessments measure IT and computer programming skills. Developed as a tool for technical recruiters, technical assessments can be a critical element of the interviewing process providing essential information about the actual skills set of any candidate.

### INTERNATIONAL

Kenexa Prove It! Offers a variety of assessments in Spanish, French, German, Italian, Portuguese, and more! (Available upon request)

### FREE LEARNING TOOLS

Kenexa Prove It! Simulation-based tutorials provide interactive instruction on how to accomplish a number of commonly required tasks within specific software applications.

### FREE WRITING SAMPLES

Because gauging business writing is a highly subjective endeavor, we leave it to you to determine the level of writing effectiveness represented by the candidate's sample. We do believe though, that providing a controlled, immediate writing environment helps to assess the skills of the writer, in context.

### IT IS TIME TO PROVE IT!

When you need to identify the most productive and talented people, Kenexa Prove It! Is the only assessment solution you need. Contact a Kenexa Prove It! Representative and begin testing today!
